Weight	12 kg	Power Consumption	83 W

### Product Description

This Sony Edge LED TV set produces rich, natural colours and, thanks to Motionflow, very smooth motion. The high quality Motionflow system works especially well with fast moving action, such as sports events, without the blur you can see with standard 50Hz TVs.

For custom digital content to bring your screens to life and make the most out of your event, view our [content library](#) for inspiration, or [contact](#) a member of the DBpixelhouse team.
