

55" Samsung Touch Overlay DM55 D & E

Product Specification

Resolution		HDMI	
Refresh Rate		Touch Points	
Aspect Ratio		VGA/DVI/Component	
Weight		Power Consumption	

Product Description

DME Series displays deliver industry-leading performance, proven Samsung technology and a wide array of sizing options for adaptable and dependable business usage to meet various business needs. These attributes make DME Series the smart choice for any business or retail establishment. The displays offer durable and extended 24/7 usage to ensure that your business messages are conveyed whenever and wherever they are most impactful. And, with high 450 nit brightness and crystal clear image quality, your promotions and information are sure to captivate viewers. Samsung's unique Picture Quality Enhancer function optimizes the color, detail, contrast and color temperature for your environment with rich color and detailed textures. Viewing is maximized by eliminating factors that can interrupt visibility from light reflection, and reducing glare and haze to only 2%. Plus, connectivity options are enhanced with two HDMI ports for easier enriched content display.

Take advantage of your displays touchscreen ability by using custom, interactive content. DBpixelhouse specialise in creating bespoke touch apps that can help you attract and engage audiences at your events.
