

3.9mm LED Videowall (ESD Lumen)

Product Specification

Pixel Pitch	3.9mm	Viewing Angle (h/v)	140/120
Refresh Rate	2,880 Hz	Brightness (nit)	1000
Panel Size	500 x 500	Viewing Distance	
Weight Per Panel	9 kg	Power Consumption	100 – 220V
Pixel Count Per Panel	128x128	Contrast Ratio	

Product Description

The Dazzle Pro is the all new full colour LED display from ESD Lumen. The screen is ultrathin and ultralight, with high conformity and excellent colour consistency. It is perfect for fixed installation and stage/exhibition rental.

Angle Adjustment: The screen comes with adjustment angles ranging from 20 to 30 degrees. This allows an assembly of different formats such as convex and concave.

Fast Assembly: There are just three simple steps in the assembly; just push, turn and tighten.

Lightweight Structure: With an aluminium body, the screen offers a lightweight approach to high-end LED solutions.

Seamless Design: The Dazzle Pro comes with a surface tolerance of <math><0.2\text{mm}</math> offering a near complete seamless connection.

LED walls are an effective way to attract interest at an event. DBpixelhouse specialise in LED walls, as well as creating state of the art content to compliment it.
