Resolution	1920×1080	HDMI	1
Contrast Ratio	4000:1	Touch Points	6
Aspect Ratio	16:9	VGA/DVI/Component	1/1/0
Weight	40 kg	Power Consumption	95W

Product Description

NEC's 55" V552-TM touch integrated large-screen LCD display offers digital signage users touchscreen capabilities at a cost-conscious price. This display also utilizes LED-backlighting to minimize depth and power consumption. Within the V552-TM bezel is infrared scanning technology that allows for up to six simultaneous touches. Its anti-reflective glass coating protects the panel and allows for higher brightness transmittance. The touchscreen, high-performance panel and abundant advanced technologies promote extended use, making the V552-TM ideal for corporate, retail, restaurant and wayfinding kiosks. NEC offers a variety of services to supplement your hardware purchases including content creation and management and advertising delivery.

Take advantage of your displays touchscreen ability by using custom, interactive content. DBpixelhouse specialise in creating bespoke touch apps that can help you attract and engage audiences at your events.
