

# In-venue Permanent Installs, Connectivity, Audio Visual & PA

**Complete  
Venue  
Solutions**

Optimise your provision of immersive experiences and increase revenue generation by accelerating your adoption of in-venue technology. By using a **versatile, mission critical, high capacity wired and Wi-Fi network infrastructure** you can be confident in your tech.

Maximise engagement, hospitality, advertising & sponsorship opportunities with a full suite of large format screens - **LED Walls & Single Screen Options**

Inform, engage & entertain with a fully integrated **PA system** providing total venue coverage.

## IMPACTFUL

Ensure everyone can see all the action with large scale LED screens broadcasting all the action to fan zones, hospitality, bar and catering areas.

## EXCELLENCE

Best in class specification tech for your requirements & budget. We've supplied permanent connectivity & large LED screens to top sporting venues across the UK.

## FAST INSTALL

Fast, minimum disruption, exceptional quality installations, led by experienced project managers and delivered by the best technicians.

## MAINTENANCE

Ongoing maintenance packages are available for permanently installed equipment.
