Front

Side

Curved

> **Upad IV** curved series uses **flexible modules** to create a **natural curve** rather than other products that only pivot at the chassis join.

> **9 hinges** built across the chassis allows each cabinet to curve up to **40 degrees**. The product is fully compatible with all standard cabinets.

> **Novastar A10s** processing card supports high resolution, 16 bit high grey level, 10 bit video, auto module calibration and smart monitoring.
